

Colt AMT 1150 Long Slide & Officer's Model

Officer's	+0	J	C	11mm	11	1	ST	50m	450eb
Long Slide	+0	J	C	11mm	11	2	ST	50m	500eb

One of the original commercial efforts between Colt and Arcadia Machine & Tool (makers of the famous Automag series of handguns). The design in time inspired the Colt AMT 2000, one of Colt's heaviest pistols, and standard sidearm of officers in US Service. The Long Slide edition's weight counters the barrel flip of the lighter Officer's model, making it more controllable (although the Officer's edition can have after-market barrel porting to reduce the barrel flip).
