

Heckler & Koch BMP10 Series

BMP10A3	+2/+1	N/L	P	10mm	80	20	ST	150m	700eb
BMP10A4	+1	L	P	10mm	80	20	ST	150m	700eb
BMP10K	+0	J	P	10mm	65	25	ST	100m	700eb

Also known as the “MP5 Calicos”, these general production SMGs from the early 2010’s used a top-mounted helical clip feed that extended along the entire frame of the gun. No longer in production in 2020, but still encountered because of the extended magazine capacity offered by the design.
